

WELCOME TO THE SIMMONS STRYKE6...

Congratulations, you now own the world's first iPad-based Drum Controller and firing it up couldn't be easier.

- First, fully charge the Stryke6
- Then download the Stryke Drums App (or any compatible iOS program) to your iPad
- Connect the pedals
- Connect your iPad or computer to the Stryke6
- Start playing drums today!

1 CHARGING THE BATTERY AND STATUS CHECK

Plug in the USB Power Cable to the Power Port. You can plug the USB connector to any computer USB Port or in-wall USB Power Supply (not included). The color of the status light indicates the charge level of the internal battery. Be sure to fully charge the battery before use.

2 DOWNLOAD THE APP

Visit Apple App Store, search for "Stryke Drums" and download the app to your iPad. Once the app is downloaded, tap it to open.

3 MAKING THE CONNECTIONS

Pedals

Connect pedals in series as shown.

iPad Connection

Use the included HDMI to iPad Cable to connect Stryke6 to your iPad.

Computer Connection

Use the included HDMI to USB cable to connect Stryke6 to your computer.

NOTE: For best results, use the included 3/4-sized drumsticks and apply lightly to pads to avoid pad cross-talk.
